

Canberra's leading fabricator of custom-made energy efficient aluminium windows

THE LINK AT GINNINDERRY

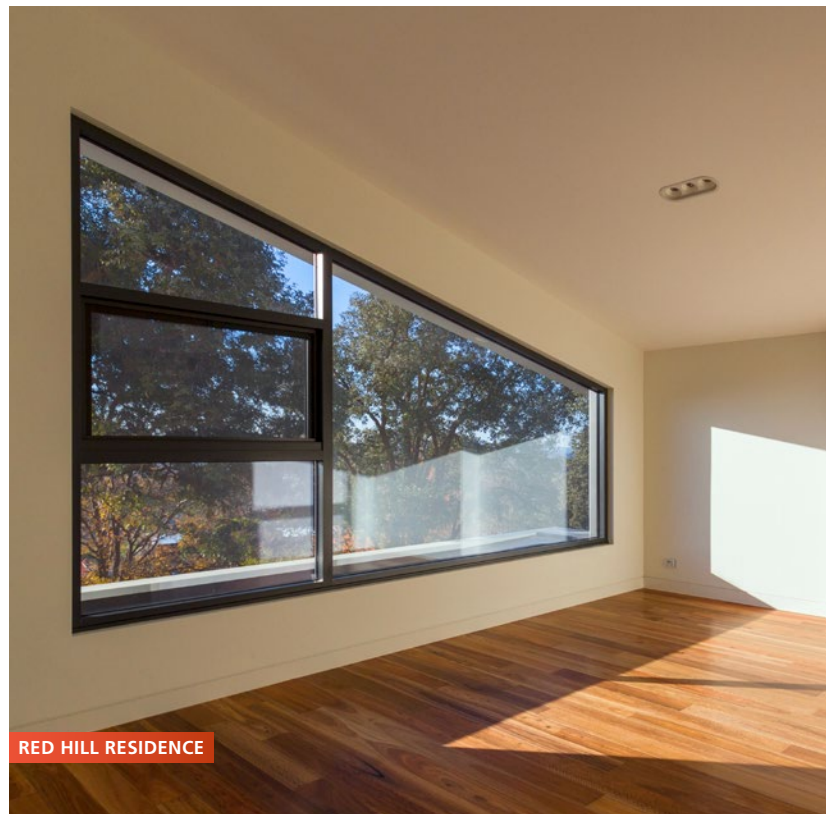

Castle Glazing ACT is a leader in aluminium windows and doors for the commercial and residential sectors. We specialise in high-end architectural solutions, servicing Canberra and the surrounding regions.

As licensed fabricators and installers of the Vantage residential, Elevate commercial and ThermalHEART product ranges from AWS we can custom fabricate windows, doors and frames to your exact specification at our purpose-built Fyshwick premises.

We are experts in the latest energy efficient glazing solutions, including double glazing, low-e glass and thermally broken frames.

Castle is a family-owned Canberra business with a record of achievement dating back to the 1980s. Our proven commitment to quality extends across all aspects of our operations.

Call us today to see how we can help make your project a success.
